

BEND PROTECTOR EDGE BOARDS

Sustainable. Versatile. Endurable.

Highlights

Highly Sustainable

Made with 100% recyclable materials and is placed back into the sustainability cycle

Innovative Design

Less material usage and superior strength construction

Application Versatility

Guards in a variety of humid and moisture-laden environments

Reliability

High-performance product protection for long transits

Features and Benefits

Maximum
versatility

Protects single-
carton shipments

Application-
specific solutions

Custom printing for branding
& product identification

Reduces
costs

Light-
weight

Technical Specifications

Size	Length (A)	Length (B)	Thickness (C)	Compressive Strength (N)	Strapping Strength (N)
50*50*4	50	50	4	1820	780
50*50*5	50	50	5	2480	995
60*60*4	60	60	4	2390	950
60*60*5	60	60	5	2980	1195
75*75*4	75	75	4	3000	1200
75*75*5	75	75	5	3730	1490

Tolerances: Legs +/- 5mm*, Thickness +/- 0.4mm*, Length +/- 5mm, Angle +/- 10°, (*Average of 2 legs)

Industries We Serve

Metal

Pharma

Paper

Chemical

FMCG
